RE: Small City Road and Street Questionnaire
DATE: November 9, 1988

ACTION NEEDED - SECOND NOTICE

Two weeks ago, you received an important Road and Street Questionnaire. Although we asked that it be returned by November 9, 1988, we have not yet received your completed questionnaire. Time is of the essence; please give it your prompt attention. The results of the questionnaires will be tabulated and presented to the 1989 Legislature in January.

The 1987 Roads Financing Bill (HB 2112) included a requirement that all cities report their road and street expenditures. The failure to report could eventually result in the withholding of state road funds. Your city's reporting requirement can be met by responding to the League's questionnaire.

Please take the time, right now, to complete the questionnaire and return it to the League as quickly as possible.

The questionnaire should be returned by November 16, 1988 to:

Bob Hawley
League of Oregon Cities
P.O. Box 928
Salem, OR 97308

Note: Please give your attention to the attached page.
